Bronna Lipton
Executive Director
Second Chance Toys
P O Box 20462
New York, NY 10023

Dear Ms. Lipton,

I wish to express our gratitude for the children of The Arc Middlesex County being chosen as the recipients of this year's holiday toy drive with Johnson & Johnson, Earthserve Team and Second Chance Toys.

The toys will be shared among the two afterschool respite programs which provide services to children with developmental disabilities from age 12-21. The children will benefit from the additional, meaningful activities that they can engage in to continue their learning and development. The Earthserve Team's goal to keep reusable plastic toys out of landfills is admirable and appreciated by the next generation of children and will serve as great teaching material for Reduce-Reuse-Recycle.

As we discussed, any toys that are more appropriate for younger children will be passed on to other Arcs with early intervention programs.

Again we express our appreciation for the wonderful and generous mission of Second Chance Toys.

Sincerely,

Shari White
Assistant Executive Director

CC: Richard Sheridan, Executive Director
Frank Adu, Chief Operating Officer
