Program donates toys to youth center

Second Chance Toys recently distributed toys to children at the Second Street Youth Center.

The toys were received by Frances Jones, director, and Gloria Bishop, education manager, of the Second Street Youth Center Foundation.

Second Chance Toys is a community-based program started by Sasha Lipton, a student at Governor Livingston High School in Berkeley Heights. Second Chance Toys takes toys that are still useable and then repairs, sanitizes, repackages and distributes them to children through organizations such as the Second Street Youth Center.

For more information about donating or receiving toys, e-mail Second Chance Toys at slipton@secondchancetoys.org.
